Dear Bradford Families,

Thank you for your patience and support as we continue to navigate unprecedented times. Despite the challenges, I am heartened by the ways in which our students, our staff, and our families have already come together to support one another. There are still so many positive things going on around Bradford Academy (virtual, of course.) K-8th grade teachers have tons of engaging lessons for kids on Seesaw and Google Classroom. Our Seniors have begun their capstone projects. Teachers have been sending cards and connecting with their students through phone calls, Google Classroom, and Zoom meetings. Our culinary staff are out every Tuesday and Thursday distributing meals. Enclosed in this letter is our approved Continuity of Learning Plan. You can see in this plan that we have made numerous efforts to reach out, and that we have numerous ways of providing learning opportunities for your student. If you have not been contacted or you need access to learning materials, please contact any of your student's teachers or leadership via email. Please go to the website where there is a full staff directory.

The time away from the building has made it possible for the staff to begin preparing for next year, and **WOW**, what a year it will be! We cannot wait!

If you have not re-enrolled your student(s) for the 2020-2021 school year, please do so! Instructions were sent via email this week. We need all families to complete the Intent to Return (Re-Enrollment) application, even if you're planning to transfer to another school. Note: You **MUST** have a Parent Portal account set-up to re-enroll. Please contact Sydnie Bland at [sydniebland@choiceschools.com](mailto:sydniebland@choiceschools.com) for all (re) enrollment inquiries and concerns.

Please continue to connect with us through our website and via social media. Send us pictures of you doing school work at home, creating or trying something new or having quality family time during quarantine. You can even send us your silly pictures and/or videos.

Finally, please continue to follow the *Stay Safe, Stay Home* if you're able to and social distancing guidance that has been issued by our government officials, and monitor/encourage all family members to do the same. Our community has been hit particularly hard by this virus and we want you all here when we can be together again.

Take care and be well,

Dr. Harrison  
Principal, Bradford High School

Mr. Stevens  
Principal, K-8th grade
