day and arrive on time. Absences should be reported to the school office by 8:00am for high school and 9:00am for K-8th grade on the day of the absence. Excused absences include personal illness, medical appointments, religious observances, family emergencies, mandated court appearances, and other situations approved by the school administrator. Documentation may be required for certain excused absences.

To address unexcused absences, the school follows a tiered intervention system. At 3 unexcused absences, the school will notify the parent/guardian and may request a meeting. At 8 unexcused absences, a required meeting with school leadership will be scheduled to discuss attendance concerns and support. At 12 unexcused absences, the school may refer the student to the local truancy officer, Intermediate School District (ISD) attendance department, or county court system. If a student accumulates 15 consecutive unexcused absences without contact from a parent or guardian, the school may initiate withdrawal procedures and report the student as truant to the ISD.

A student may also be identified as chronically absent if they miss more than 10% of enrolled school days, regardless of whether the absences are excused or unexcused. This includes frequent tardiness or early check-outs that result in lost instructional time. In such cases, the school may initiate a formal attendance improvement plan and may consult with the student's academic support team.

If a student's absences are due to a medical, mental health, or physical condition, the school will review whether the student may qualify for protections under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act (IDEA). The school is committed to working with families to ensure all students have equitable access to learning.

All attendance interventions, parent meetings, referrals, and communications will be documented by the school and reported as required by law. Your partnership in supporting consistent, on-time attendance is critical to your child's success.

1.4 School Cancellation and Communication Channels

Notice of school cancellation is given by announcements on local tv channels 2,4 and 7, our automated school messenger service, and class dojo. The school website and front office will also provide important updates. Families are responsible for keeping contact information up to date at all times.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

1.5 School Newsletter / Social Media

The Academy will periodically distribute a newsletter or bulletin. The newsletter contains information about school activities and programs as well as an updated calendar for the month. For the good of the environment, we will send newsletters through email unless a paper copy is specifically requested. The Academy utilizes our facebook page to share information and daily school updates as well.

1.6. Student Privacy and Media Consent

The school is committed to protecting the privacy and safety of all students in accordance with the Family Educational Rights and Privacy Act (FERPA) and internal policy. To honor this commitment, staff and volunteers will not photograph, video record, or audio record students whose parents or guardians have submitted written notice opting out of media permissions.

Upon enrollment, families are asked to complete a media consent form indicating their preferences regarding photography, video, and audio recordings of their student. These images or recordings may be used in newsletters, social media, classroom apps, marketing materials, or news stories that promote the school's mission and culture. If a parent or guardian chooses to opt out, the school will make every effort to exclude the student from any public-facing content.

Classroom- or teacher-directed use of digital platforms (such as communication apps or learning portfolios) that include student photos or videos will not occur if parent or guardian chooses to opt out. This includes apps like ClassDojo, Seesaw, or Google Classroom. Staff will not privately share media content that features students and will only post content through approved school communication channels.

Parents and guardians may update their media consent preferences at any time by contacting the school office in writing. The school will honor all opt-out requests promptly and respectfully.

1.7 Verbal and Written Communication Policy

To promote effective, respectful, and timely communication among families, staff, and school leadership, all concerns or questions should be routed to the appropriate person as soon as possible. Prompt, direct communication fosters collaborative problem-solving, helps avoid misunderstandings, and ensures that each concern is addressed at the right level.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

All communications should reflect our shared commitment to respectful dialogue and mutual problem-solving. For urgent concerns that impact a child's immediate health or safety, please call the school office directly.

The Academy is committed to effective communication with all families. If a parent or guardian has limited English proficiency or requires information in a different language or format, please notify the school office. We will provide translated materials or interpretation services for important school communications and meetings, in accordance with federal and state laws.

1.8 Channels of Communication

To ensure inquiries and concerns reach the appropriate staff member, please reference the chart below:

Topic	Initial Contact
Academic progress, classroom behavior, daily schedule, assignments, class procedures, field trips, student-to-student conflict, classroom expectations	Classroom Teacher
School policies, curriculum questions, special education services, behavior support programs, school-wide events, instructional methods, unresolved classroom concerns	School Leader

1.9 Communication Chain of Command

If a concern is not resolved at the initial level, the following communication chain should be followed in order to ensure the issue is addressed appropriately:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Classroom Teacher
- Student Advocate and/or Assistant School Leader *(if applicable)*
- School Leader
- Superintendent
- Chief of Staff
- Chief Executive Officer
- Academy Board of Directors – *For concerns that remain unresolved after all prior steps have been followed or that relate directly to board governance.*

Please note: Unless a matter involves an immediate safety concern, legal issue, or regulatory violation, each step should be followed in sequence. Skipping steps may delay resolution or prevent the appropriate context from being considered.

Parents and guardians are always welcome to address the Academy Board of Directors during the public comment portion of their monthly board meetings. While the Board does not respond to public comment during the meeting, all remarks are documented and taken into consideration.

1.10 Communication Expectations

Teachers and administrators strive to maintain strong, respectful communication with families. To support this, the following expectations apply:

- **Response Time:** Staff will respond to emails and voicemails within one school day, excluding weekends, holidays, and scheduled breaks.
- **Urgent Messages:** Urgent changes (such as end-of-day transportation) must be communicated by phone to the school office. Staff may not see emails or other messages during instructional hours.
- **Personal Contact:** Calling or texting a staff member's personal phone is discouraged, unless previously agreed upon and contextually appropriate (e.g., field trip emergency). Respecting personal boundaries helps staff maintain focus and balance.
- **Tone and Purpose:** All communication should be courteous, student-centered, and focused on partnership. Constructive, solutions-oriented dialogue is essential to supporting students' growth and wellbeing.

By following these guidelines, we ensure communication is efficient, professional, and respectful of everyone's time and role.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

We are committed to fostering a culture where every student, regardless of age, is valued, guided, and held to high expectations. Students are entitled to protections and privileges guaranteed by state and federal law. With those rights come important responsibilities to their school community.

The following rights and responsibilities form the foundation for how we learn, grow, and relate to one another:

The Right to Civil Dignity

All students have the right to be treated with kindness and respect and to learn in an environment free from bullying, harassment, and discrimination. With this right comes the responsibility to treat others with dignity and to avoid behavior that harms or excludes.

The Right to Education

The Right to Due Process

Students have the right to fair and respectful discipline, including the right to be heard and to appeal major decisions. They are expected to cooperate with school processes that promote learning and well-being.

The Right to Expression

Students may respectfully express ideas and beliefs, provided their expression does not disrupt learning, compromise safety, or violate community standards for respectful communication.

The Right to Privacy

Students have the right to reasonable privacy in personal matters and educational records. This right is balanced with the school's obligation to ensure safety and comply with the law.

The Right to Support and Belonging

Especially for our younger learners, students have the right to be nurtured, guided, and encouraged by trusted adults. They are responsible for doing their best, following directions, and helping their peers feel safe and included.

Expectations for student behavior, academic integrity, and community responsibility are further detailed in the school's Code of Student Conduct. This document is shared annually and is available at the end of this handbook. Parents and guardians are asked to review it with their children and return a signed acknowledgment form confirming their understanding.

The Principal may approve the request if the student has fulfilled all graduation requirements and met all conditions for graduation established by the school and the Board.

3.4 Field Trips / Field Studies

The Academy supports field trips as meaningful extensions of classroom learning, aligned to curriculum and approved in advance by school leadership. In accordance with Board Policy 2340, any trip that involves overnight travel, goes out of state, or

exceeds 100 miles requires prior approval from the Academy Board of Directors. All other trips must be approved by the Educational Service Provider.

Written permission is required for all students attending a field trip. Parents may sign a blanket permission form for walking-distance trips. A separate form is required for each trip involving travel. Emergency Medical Authorization forms must be on file and will be carried by staff on all trips.

A minimum of one adult chaperone per ten students is required, with adjustments based on age or activity. Chaperones must meet the school's volunteer requirements. While on a field trip, students are expected to follow all school rules and the Code of Conduct. Students with documented unsafe or inappropriate behavior may be excluded from participation at the discretion of the School Leader.

Students will not be denied participation due to financial hardship. Families unable to cover trip costs should contact the School Leader. If a student does not attend, an alternate learning activity will be provided at school.

Teachers will clearly communicate the purpose of the trip, along with key details such as destination, timing, and expectations. Transportation will follow all Board-approved policies.

3.5 Report Cards / Progress Reports / Conferences

Quarterly, progress reports and report cards are distributed. Parents are encouraged to discuss the information on the report card with their child and to encourage excellence in achievement and behavior.

The purpose of report cards is to communicate to parents and students the child's progress on the knowledge and skills the student is working on in class and to provide insight into the child's behavior.

- K-8th grade students are issued traditional report cards, four times throughout the school year.
- 9-12 grade students receive traditional report cards, two times throughout the school year

Academic reports for all students are distributed in November, January, March and June. Parent teacher conferences are held after quarter 1 and quarter 3. It is

understood that educators shall, if necessary, arrange additional conferences with parents. Conferences with educators must be scheduled during non-instructional time.

3.5.1 Report Cards

Report cards are issued at the end of each grading period and reflect your child's academic performance in each subject using traditional letter grades (A–F). These grades represent the quality of work completed, understanding of content, and overall progress toward grade-level expectations. In addition to academic subjects, effort and behavior may also be noted. Families are encouraged to review report cards with their child and reach out with any questions or concerns. Our goal is to keep you informed and involved in your child's learning journey. The grading scale is as follows:

Grading Scale:

3.5.2 Progress Reports

Progress reports are shared mid-way through each marking period to keep families informed of their child's academic performance and classroom habits. These updates are meant to open the door for support, questions, and partnership between home and school.

3.5.3 Parent Teacher Conferences

Parent-teacher conferences are scheduled at key points during the year to foster open communication and a shared commitment to student success. These meetings offer a dedicated time to discuss strengths, challenges, and how we can work together to support your child's growth.

3.6 Retention (including K-12 Literacy and Dyslexia Law)

At our school, students in Kindergarten through 3rd grade take state-approved reading assessments three times a year to track their literacy growth. These assessments help us identify students who may need additional support. If your child is not meeting grade-level expectations, you will be notified in writing. When a reading concern is identified, your child will receive an Individual Reading Improvement Plan (IRIP). This personalized plan outlines the specific support your child will receive during the school day and includes activities and strategies you can use at home. You will be involved in developing the IRIP and kept informed of your child's progress through regular updates. Reading support is tailored to your child's needs and may include small group or one-on-one instruction using proven, evidence-based methods. We value partnership with families and encourage open communication. You are welcome to request a meeting at any time to discuss your child's reading progress or the interventions in place.

Starting in the 2027–2028 school year, all Michigan schools will screen students in Kindergarten through 3rd grade for signs of dyslexia. If characteristics of dyslexia are identified, your child will receive reading intervention that is explicit, systematic,

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

multisensory, and aligned with the science of reading. For students in grades 4 through 12, screening will occur when there is evidence of characteristics of dyslexia or a dyslexia diagnosis. If screening confirms characteristics of dyslexia, students will receive targeted intervention using structured literacy approaches. Instruction will be adapted to meet each student's needs to ensure reading success.

Families play a vital role in supporting literacy development. If your child has been evaluated for dyslexia or a learning disability outside of school, please share that information with us. That information can help guide how we support your child. Additionally, students who qualify may receive services under federal special education law, including the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act.

3.6.1 Other Promotion, Placement, and Retention

Promotion and retention decisions are made individually and are based on a student's academic achievement, progress toward grade-level standards, social and emotional development, attendance, and other relevant factors. The school provides interventions and supports before retention is considered and works closely with families throughout the process.

3.7 Homework

Homework is a meaningful extension of classroom learning, designed to reinforce skills, support academic growth, and build independent work habits. Assignments are thoughtfully planned to match student needs and are never given as punishment.

Families can support homework by providing a quiet space, encouraging time management, and communicating with teachers when needed. Together, we can help students take ownership of their learning and thrive both in and out of the classroom.

A request for homework for a child that is ill should be made the first morning the child is absent. This will allow time for the educator to organize the materials. Homework may be picked up in the office the following school day morning.

3.8 Student Portfolios

As part of the Academy's approach to assessing student learning and growth, a portfolio is maintained for each student. Portfolios are collections of work that demonstrate progress, reflect learning over time, and provide insight into both academic achievement and personal development.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

Portfolios may include writing samples, projects, assessments, goal reflections, or other meaningful evidence of learning. They are used alongside other assessment tools to support instructional planning and to help students take ownership of their growth.

Portfolios may be reviewed during parent-teacher conferences or student-led conferences, and families are encouraged to view them as a way to celebrate progress and discuss areas for improvement. Each school will determine the specific format, contents, and use of student portfolios based on grade level and instructional goals.

3.9 Testing and Assessment

The Academy administers state-mandated assessments at grades 3rd-8th and 11th. The Academy also administers a computer-based adaptive assessment in math and reading three times a year in grades K-10, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents and guardians will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

3.10 Social Emotional Learning Program

Our school is committed to fostering the social and emotional well-being of all students. We believe that developing strong social and emotional skills is crucial for academic success, healthy relationships, and overall well-being. Our comprehensive SEL curriculum focuses on building self-awareness, self-management, social awareness, relationship skills, and responsible decision-making. We integrate SEL into our daily learning environment through dedicated lessons, activities, and by incorporating SEL concepts into various subjects. We believe that a positive and supportive learning environment is essential for students to thrive, and we encourage open communication and collaboration between students, teachers, and families to ensure that all students have the tools and support they need to succeed.

3.11 Character Choices Program

We believe strong character is essential to student success. Our Character Choices program focuses on nine core traits: Respect, Responsibility, Cooperation, Compassion, Good Judgment, Integrity, Perseverance, Courage, and Citizenship.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

These traits are modeled, taught, and reinforced throughout the school day and embedded in classroom routines, academic instruction, and school culture. Families are encouraged to support these values at home to strengthen consistency and impact.

Whether through direct lessons, restorative practices, or daily interactions, Character Choices helps students grow into thoughtful, responsible individuals, prepared for school, life, and leadership.

4. Student Support Services

4.1 Special Education and 504 Plans

The Academy to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan (IEP). The Academy embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional special educator. The goal of special education programming is to provide students with an educational program that best meets their individual needs in the least restrictive environment. This means that, to the maximum extent appropriate, students will be provided programs and/or within the regular education classroom with the necessary support.

The Academy enjoys an excellent working relationship with the local intermediate school district or RESA. The Oakland County Intermediate School District, Oakland Schools provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the school leader.

4.2 Child Find / Academic Interventions

The objective of the Academy is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is the Academy's intention to:

- Engage first in preventative and targeted instruction and intervention

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Design and conduct comprehensive evaluations that identify each student's individual learning needs, ensure proper implementation of Child Find, and determine the most appropriate instructional programs and accommodations based on the student's performance, educational opportunities, and response to high-quality instruction over time.
- Select every component of the evaluation based on its relevance for creating the student's instructional program.

Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:

- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction. Additionally, consideration should be given to whether the student's attendance has significantly limited their access to instruction, as chronic absenteeism is strongly correlated with reduced academic achievement.

Also consistent with IDEA 2004, the Academy believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective instructional plans for students found to have a Specific Learning Disability (SLD)
- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

4.3 English Language Learner (ELL) Services

The school is committed to supporting English Learners (ELs) as they develop proficiency in English while accessing grade-level academic content. In accordance with federal Title III guidelines and the Michigan Department of Education's English Learner policies, the following procedures and supports are in place:

All students enrolling in the school complete a Home Language Survey (HLS) as required by the State of Michigan. If a language other than English is indicated, students are screened for English language proficiency using the WIDA Screener (Grades 1–12) or WIDA MODEL for Kindergarten.

Students identified as English Learners receive instructional support based on their English Language Proficiency (ELP) level. Services may include:

- Designated English Language Development (ELD) instruction
- Push-in or pull-out support from an ELL specialist or trained staff
- Use of appropriate language accommodations and instructional technologies
- Ongoing collaboration between general education and ELL staff

The amount and type of support is determined by each student's ELP level, academic needs, and classroom context.

The school reviews ELL program implementation annually and ensures compliance with Civil Rights obligations, Title I and Title III funding requirements, and MDE guidelines.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

4.4 McKinney-Vento Homeless Education Assistance

The Academy is committed to supporting all students, including those experiencing homelessness. In accordance with the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have the right to:

- Immediate enrollment, even if records are unavailable at the time of registration.
- Attend their school of origin or the school nearest to their temporary home.
- Receive support services, including access to free school meals and school supplies.
- Full participation in all school programs and activities.

If your family is experiencing housing instability, please contact the school's Homeless Liaison, Ms. Lotts at 248.351.0000 for support and assistance. All information shared will remain confidential.

5. Dress Code and Appearance

5.1 General Dress Code Guidelines

ALL students are expected to be in dress code unless otherwise noted.

The dress code policy will be enforced for all students in grades K-12th. The following procedure will be used for dress code violations:

- 1st Offense** – Verbal and written warning
- 2nd Offense** – Phone call to parent/guardian (at home or work)
- 3rd Offense** – Parent Conference

Please note the following regarding dress code:

High School students who have Physical Education classes are to bring a change of clothes for their P.E. period. Locker rooms are available for students to change in prior to and following their P.E. classes.

Dress should allow students to participate comfortably in a variety of physical and outdoor activities. Clothing should cover the body adequately and should not be distracting. Students who come to school inappropriately dressed will need to contact their parent(s). It is our expectation that a proper change of clothing will be provided if requested.

Clothing is to be a proper fit for the student and must be properly worn (i.e. regular floor length pants, worn at waist level and not excessively baggy). Clothing is to be clean, without holes, and in good repair. Students are to be neat and well-groomed for school. Shoes must be worn at all times. Buttons, patches, pins, or other accessories that are considered offensive and disruptive (sexually suggestive, profane, obscene, tobacco or alcohol advertisements, etc.) are not permitted. Sunglasses, hats, coats and jackets may be worn outdoors only. Parents are urged to see that their children are properly dressed for inclement or cold weather. Students do not go outdoors if the temperature is below 20 degrees Fahrenheit (wind chill factor).

5.3 Spirit Day / Jean Day Policies

Free Dress/Dress Down days are scheduled at the discretion of the school administrators and will be communicated to parents by way of School Messenger. If students choose not to participate in Free Dress/ Dress Down days, then a Bradford full uniform is required. **HATS ARE NOT PERMITTED ON FREE DRESS DAYS.** Participation in Spirit Wear days are a privilege that can be revoked by school administration for any length of time deemed necessary.

6. Health and Safety

The health and wellness of our students is a top priority. Families are expected to partner with the school to ensure a healthy and safe environment for all students.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

6.1 Illness and Injury Guidelines

Students who are ill must remain at home until they are symptom-free for 24 hours without the use of medication. This includes fever, vomiting, diarrhea, or any contagious condition. Parents and guardians should notify the school office when a student is absent due to illness. The school may require a doctor's note for return in cases of communicable diseases.

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.
- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.
- Open areas on the skin
- Ringworm, lice, or pinworm.
- Any other confirmed communicable illnesses

6.2 Medications at School

Medications will only be administered at school with written authorization from a parent or guardian and, where applicable, a physician, in accordance with Board Policy 5330. Emergency medications (e.g., EpiPens, inhalers) must be provided directly to the school office in their original containers, accompanied by all required medical documentation.

6.3 Immunization Requirements

In accordance with Board Policy 5320 and state law (MCL 333.9201 et seq.), all students must provide documentation of up-to-date immunizations or an authorized waiver prior to enrollment or by the first day of school. Acceptable documentation includes an official immunization record, a physician-certified

medical contraindication form, or a certified nonmedical waiver issued by the local health department following a vaccine education session. Students without proper documentation may not attend school until requirements are met. When providing health information to families in grades 6, 9, or 12, schools will also include information about the meningococcal and HPV vaccines.

6.4 Physical & Mental Well-being

Our school is committed to supporting the physical and mental wellness of every student. In alignment with Board Policy 8510, we provide age-appropriate opportunities for physical activity throughout the day, including physical education, recess, and movement-based classroom activities. Students are encouraged to develop healthy habits that support lifelong wellness, such as regular exercise, balanced nutrition, and responsible screen use. Our physical education program emphasizes fitness, motor skill development, teamwork, and a positive attitude toward physical activity. We also promote nutrition education and provide clean, safe eating environments with access to fresh drinking water. Families are vital partners in reinforcing these wellness habits outside of school. Together, we aim to support the whole child physically, mentally, and emotionally.

To further support student wellness, we offer access to the School Assistance Program (SAP) through a partnership with Pine Rest Mental Health Services. This program provides free, confidential counseling with up to five sessions per episode of care for students and their household members. Counseling is available for a wide range of challenges including academic stress, anxiety, grief, and family transitions. In-the-moment phone support is available 24 hours a day, 7 days a week.

In addition to counseling, SAP offers families access to:

- Personal Advantage, an online library of articles and tools on health, wellness, legal, and financial topics.
- Wallet Wisdom, a financial wellness resource with calculators, webinars, and planning tools.
- Free consultations on elder care, financial planning, legal concerns, infant feeding, and real estate questions.

All SAP services are voluntary and confidential. The school is not notified when students or families use the program. Participation in SAP does not affect a student's school record or academic standing.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

You can also visit www.pinerest.org/PAL and enter your school-specific username.

We encourage families to use this resource to promote mental well-being, strengthen family resilience, and support student success.

6.5 Concussion Awareness

In accordance with Michigan law, the Academy provides annual concussion awareness education to families of students participating in any school-sponsored athletic activity.

Before participating, students and their parent/guardian must review a concussion information sheet and sign an acknowledgment form. These forms are kept on file with the school. Coaches and school staff are trained to recognize concussion symptoms and follow proper return-to-play procedures.

If your child is injured during a school activity, we are committed to their health and recovery and will follow all return-to-learn and return-to-play protocols.

6.6 Emergency Contacts / Child Information Card

Each year, families must complete and return an Emergency Medical Authorization Form and Child Information Record. These documents provide critical contact information and medical directives in the event of illness, injury, or emergency. It is the parent or guardian’s responsibility to keep this information accurate and up to date throughout the school year. A copy of the form will be maintained in an accessible file in the school office. Staff accompanying students on off-site events, such as field trips, athletic events, and competitions, are required to carry these emergency forms. Please notify the school immediately of any changes in phone numbers, emergency contacts, or medical conditions. Failure to provide updated information may delay emergency care.

6.7 Student Accident Insurance

The Academy cares deeply about the safety and well-being of all students. At the start of each school year, families are given the option to enroll in a group student accident

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

insurance plan offered through an outside provider. This insurance is voluntary and paid for by the parent or guardian.

Participation in certain school-sponsored athletic, co-curricular, or other higher-risk activities may require families to confirm that the student is covered under an existing insurance policy or to purchase supplemental accident insurance. A signed statement of coverage may be required before a student is allowed to participate in those activities.

Information about available student accident insurance options, including how to enroll, is available in the school office.

6.8 Pesticide Use & Prior Notification

The Academy utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records. View the [Prior Notification Request form here](#).

6.9 Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, the Academy is required to notify all students, staff, guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the school office for your review during normal business hours or on the schools transparency website located on their school website. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for abatement arise, all building occupants and their guardians will be notified in writing in advance.

6.10 School Safety and Emergency Procedures

The Academy places safety as a high priority. We have many proactive strategies in place that are not only aligned with the law, but are also nationally known best practices.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

6.10.1 Standard Emergency Response Plan

To protect the safety of students and staff during emergencies, our school uses the Standard Response Protocol (SRP), a nationally recognized framework developed by the “I Love U Guys” Foundation. SRP is a clear, action-based emergency response model designed to equip schools with consistent terminology and procedures for addressing a range of incidents, including weather events, accidents, intruders, and hazardous conditions.

The SRP provides five specific directives that guide our response to different types of emergencies. These actions are easy to learn, simple to follow, and universally understood within the school community. They are reinforced through routine training and drills throughout the school year.

These five (5) actions are used when SRP is initiated:

HOLD - In your classroom or area
Protocol used when hallways need to be kept clear of occupants.

SECURE - Get Inside. Lock Outside Doors

All staff receive annual SRP and Emergency Operations Plan training. Students participate in required safety drills including lockdown, evacuation, and severe weather scenarios, in full compliance with state law and Board Policy. These efforts ensure that everyone on campus knows how to respond appropriately in various situations.

In the event of an emergency, families will be notified promptly through our automated messaging system by phone, text, and email as quickly as it is safe and practicable to do so. Should relocation or extended response procedures be necessary, instructions

will be shared clearly and promptly. The SRP strengthens the school's overall emergency preparedness by providing a reliable and unified language and approach to safety for staff, students, and families. See 6.10.4 for specific lockdown drill information.

6.10.2 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each classroom and area of the Academy. The teacher or person responsible for a group of students will take attendance to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval via verbal or hand signaling by the School Leader or school secretary.

6.10.3 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their parents or guardians, or designated adults as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents and guardians who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents and guardians only.

6.10.4 Lock Down Drills

In compliance with Michigan law and in partnership with local law enforcement, the school conducts a minimum of three (3) lockdown drills each school year to prepare students and staff for emergency situations that may involve an intruder or other threat to building security.

Lockdown drills are designed to practice procedures that help keep students and staff safe in the unlikely event of a real emergency. These drills focus on:

- Securing classroom doors and limiting visibility
- Remaining silent and out of sight

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

- Following directions from school personnel and first responders
- Practicing calm, orderly behavior under stress

Drills are age-appropriate and developmentally sensitive. Teachers are trained to communicate the seriousness of the drill while helping students feel safe and supported. Staff are encouraged to review and practice safety procedures in advance with students.

We understand that lockdown drills can be unsettling for some students. Teachers and support staff are available to answer questions and provide reassurance. If your child experiences anxiety related to safety drills, please contact the school so that additional support can be offered.

If a real lockdown occurs, parents and guardians will be notified as soon as it is safe to do so through official communication channels. In such events, parents and guardians should not attempt to enter the building or call staff directly. The safety and accountability of all students depend on uninterrupted emergency protocols.

7. Nutrition and Wellness

7.1 School Meals Program

Our school participates in the National School Lunch Program and School Breakfast Program which ensures access to nutritious meals for all students. Our schools participate in the Community Eligibility Program (CEP), which allows us to offer free meals to each student.

- Breakfast and lunch are available daily, free of charge to all enrolled students.
- Menus are shared monthly via office copy.
- Students with food allergies or medical dietary restrictions must have a completed and physician-signed dietary accommodations form on file with the school office. Accommodations cannot be made without this documentation.
- Outside food deliveries (such as DoorDash, Uber Eats, or fast food) are not permitted for students during the school day, including lunchtime. This policy exists to support food safety and minimize classroom disruption.

Students are not permitted to share food, as this helps protect students with food allergies and sensitivities. Families should follow any posted classroom allergy guidelines. If your child has food allergies or dietary restrictions, please notify the school and ensure this information is recorded on the Child Information Card. These practices help support a safe, healthy, and inclusive environment for all students.

7.4 School Wellness Policy

The Academy promotes student health and wellness in accordance with Board Policy 8510 – School Wellness Policy. This Board-approved policy supports healthy eating, nutrition education, and regular physical activity through measurable goals and school-wide practices. 8.2 Early Dismissal and Vacation Requests

The student may need to leave school during the school day. The parent is to receive approval of the School Leader in advance by written or personal request for a justifiable reason, including such early dismissals for doctor's appointments, religious observations, family funerals, and other prearranged events. Students will only be released to parents and designated adults as documented in our student information system. In child custody situations, the custodial parent must properly inform the School Leader of any limitations and provide the appropriate documentation. Excessive early dismissals will be viewed similarly to tardies. There will be no early release before 3:00 pm Monday-Thursday and 1:00 pm on Fridays.

The school discourages the practice of taking family vacations on school days or during times other than regular school vacation periods. If a student will be out of school for a family vacation, they will be responsible for making up any work upon returning. When you must schedule a family trip during Academy time, contact your School Leader at least one (1) week in advance to discuss how your child will complete missed assignments. Time given for completion of make up work is (1) day for every day absent.

11. Family Partnership

At the heart of our academy's success is a strong partnership between home and school. We believe that families are more than just supporters of their child's education; they are essential partners in shaping a thriving school community. When schools and families work together, students are more motivated, confident, and successful.

We invite and encourage every family to be actively engaged in their child's academic, social, and character development. Whether through volunteering, attending events, or participating in classroom and school-wide activities, your involvement makes a meaningful impact. Together, we create a culture where every child is known, supported, and inspired to reach their fullest potential.

11.1 Partnership in Responsibility Statement

The Code of Student Conduct is titled "Partnership in Responsibility" in anticipation of parents, students, teachers, administration, support staff, and the Board of Directors forging a strong bond on behalf of the children of the Academy. The Partnership is

based on mutual respect, responsibility, and results. Families are encouraged to embrace the partnership philosophy and translate it into action.

11.2 Parents' Rights and Responsibilities

At our academy, we believe in the foundational role families play in a child's education. We recognize that parents and guardians have a constitutionally protected right to direct the upbringing, education, and care of their children, and we strive to work in full partnership with families while upholding our responsibility to provide a safe, inclusive, and academically rigorous environment for every student.

Our school is committed to transparency, open communication, and meaningful collaboration with parents. We value feedback, encourage involvement, and expect that all interactions between families and staff remain courteous and constructive.

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).
- To review curriculum and request that their child be excused from instructional content that conflicts with their sincerely held religious beliefs, in accordance with applicable law.
- To receive timely communication about behavioral, health, safety, or academic concerns affecting their child.
- To access school staff during normal school hours, by appointment.
- To review teacher credentials in alignment with Board Policy 2261.02 BP.
- To review their child's educational records in accordance with FERPA (Family Educational Rights and Privacy Act).
- To participate in public comment at board meetings and engage in school governance as permitted by law.

Parents and Guardians Have the Responsibility To:

- Provide accurate and up-to-date emergency and contact information to the school.
- Notify the office promptly when their child will be absent or late.
- Follow school procedures for drop-off, pick-up, early dismissals, and other attendance-related matters.
- Cooperate with staff to support their child's academic, behavioral, and social-emotional development.
- Communicate respectfully with teachers, administrators, and school staff.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Stay informed by reading school communications and reviewing school policies outlined in this handbook.
- Inform the school of significant changes at home (e.g., custody arrangements, family transitions, trauma) that may affect the student's behavior or wellbeing at school.
- Model positive engagement by attending parent-teacher conferences, school events, and educational workshops when possible.

We ask all parents and guardians to view themselves as active partners in our school community. When home and school work together in trust and transparency, children thrive.

11.3 Helping Your Child Succeed

Parents and guardians play a critical role in a child's academic, emotional, and behavioral success. When families create consistent, supportive routines and maintain a positive attitude toward learning, students are more confident, motivated, and prepared to thrive.

To help contribute to a strong foundation for your child's success at school, consider the following:

- Begin each day calmly. A peaceful start helps your child feel ready to learn.
- Ensure adequate sleep. Well-rested students are more focused, emotionally regulated, and better equipped to meet academic challenges.
- Promote healthy eating habits. A balanced breakfast and nutritious meals support energy, mood, and brain function.
- Establish consistent routines at home. Predictable mealtimes, screen time limits, bedtimes, and dedicated study time create a secure environment and reduce stress.
- Support regular school attendance. Every day of instruction matters. If your child is healthy, send them to school ready to learn. If they are sick, allow them to rest and recover at home.
- Celebrate effort and growth. Praise your child's hard work, progress, and perseverance, not just high grades or outcomes.
- Stay in communication with teachers. Share information about family situations or changes that may affect your child's mood, focus, or behavior.
- Designate a home base for school materials. Create a special place for backpacks, school papers, and communication from teachers so nothing gets lost in the shuffle.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Encourage daily reading. Read to your child, listen to them read, or talk about what they're reading independently. Model lifelong learning by reading for pleasure yourself.
- Promote independence. Teach your child to take responsibility for their belongings, complete tasks on their own, and ask for help when needed.
- Practice school skills at home. Reinforce what your child is learning by reviewing concepts, playing educational games, or completing short review activities together.

Your encouragement, consistency, and involvement send a powerful message to your child that learning is valuable and worth the effort. A strong partnership between home and school lays the groundwork for lifelong success.

11.5 Volunteer Guidelines and Background Checks

The Academy welcomes and encourages volunteers to support our school community. All volunteers must undergo a national background check conducted through Navigate360, the Academy's visitor management system. This check ensures individuals have not been charged with child abuse, neglect, or serious criminal offenses.

The Academy reserves the right to approve or deny volunteer service based on the results of the background check and the individual's fitness to work with children. Providing false or misleading information, or discrepancies between submitted information and background check results, may result in immediate denial or revocation of volunteer privileges.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

All volunteers must sign in at the front office using Navigate360 upon arrival. A visitor badge will be printed and must be worn visibly at all times while on school grounds. Volunteers are expected to comply with all Academy policies and maintain confidentiality regarding any student information seen or heard during their service.

Volunteer opportunities may include tutoring, mentoring, classroom assistance, chaperoning, or speaking engagements. Parents, grandparents, and friends are invited to become involved. Please notify the school office if you are interested in volunteering.

To support student safety, volunteers should avoid using cell phones while working with students. Volunteers may not bring younger siblings to school or on field trips without prior approval from the School Leader.

In accordance with Board Policy 9150, the School Leader may deny or revoke visitor access if necessary to protect school safety or minimize disruption.

11.6 Fundraising

Students may solicit only for Academy-sponsored activities. The School Leader, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. Academy students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the School Leader.

12. Student Life and Conduct

12.1 School Wide Behavior - PBIS

Students at the Academy have the right to be treated with respect and dignity by both staff and classmates. All students should be included and made to feel welcome in school activities. Teachers promote internal discipline, and staff act as coaches to help students reflect on their choices and grow.

Positive Behavioral Interventions and Supports (PBIS) is a research-based, schoolwide framework designed to teach and reinforce positive behavior, much like academic subjects are taught. It does not eliminate consequences or discipline. Instead, PBIS ensures that expectations are clear, consistently taught, and fairly applied so that students understand how to meet them.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

PBIS strengthens the school culture by:

- Providing clear behavior expectations across all settings.
- Modeling and practicing these expectations regularly.
- Teaching students what to do, not just what *not* to do.
- Offering consistent consequences when rules are broken, ranging from redirection to formal discipline.
- Supporting students with the tools to succeed before behaviors escalate.

PBIS supports student accountability and protects instructional time while creating a positive, respectful environment where all students can learn.

12.2 Suspension and Expulsion Procedures

Students who exhibit disobedient, disruptive, violent, disrespectful, threatening, or otherwise harmful behavior may face disciplinary consequences, including detention, in-school or out-of-school suspension, or expulsion. Any student suspended during the school year may be ineligible to participate in overnight field trips.

A student whose behavior poses a risk to the safety or well-being of the school community may be removed from the learning environment. Suspensions of 10 days or fewer may be assigned by the School Leader or designee following an investigation and opportunity for the student to be heard. Suspensions longer than 10 days, or expulsions, require a formal process and written notice to families, including a hearing and opportunity to present evidence.

Before issuing a suspension over 10 days or recommending expulsion, the school will consider the seven required factors under Michigan law (MCL 380.1310d), including the student's age, disciplinary history, disability status, seriousness of the behavior, and the use of restorative practices or other alternatives.

The school may use restorative practices as an alternative to, or in addition to, suspension or expulsion when appropriate. Additional details and procedural rights are outlined in the Code of Student Conduct.

12.3 Seclusion and Restraint

The Academy complies with Michigan's policy prohibiting seclusion and restraint except in cases where a student's behavior poses an imminent risk to the safety of the student or others. All interventions used are in accordance with state law and staff are trained

annually in approved techniques. A written report will be provided to the student's parent or guardian if such an incident occurs.

12.4 OK2Say Student Safety Reporting

The safety and well-being of our school is a shared responsibility. We utilize OK2SAY as our confidential student safety reporting program. OK2SAY is for students to report concerns such as threats of violence, bullying, self-harm, abuse, or other behaviors that may place someone at risk. The Academy encourages students to see something, say something.

Reports are received and evaluated by the Michigan State Police OK2Say program and then reported to school officials for follow-up. Every report is taken seriously. Students are encouraged to report concerns to a trusted adult whenever possible, and OK2SAY is available 24/7 as a confidential reporting option.

In accordance with Michigan law, OK2SAY information is available on the Academy's website.

12.5 Threat Assessment and Management Policy

Our school uses the Michigan K-12 Behavioral Threat Assessment and Management (Mi-BTAM) model as part of a proactive and student-centered approach to promoting safety and well-being. BTAM is an evidence-based process designed to identify, assess, and manage threatening or concerning behaviors before they escalate. It is not a disciplinary tool or criminal investigation, but rather a compassionate intervention process focused on violence prevention and student support.

When behaviors arise that could pose a threat to school safety, a multidisciplinary team composed of school administrators, mental health professionals, special education staff, and others trained in BTAM protocols collaborates to assess the situation. The team uses a fact-based, case-specific process to gather information, evaluate concerns, and develop an individualized support and intervention plan that addresses both student needs and school safety. Information may be gathered through interviews with students, staff, parents or guardians, review of relevant school records, and other lawful sources to develop a complete understanding of the situation and identify appropriate interventions. The process respects the rights of students under applicable laws, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the Family Educational Rights and Privacy Act (FERPA).

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

In situations where a student with an Individualized Education Program (IEP) or Section 504 plan is involved, the BTAM team works closely with the student's special education team to ensure compliance with legal requirements and to develop supports tailored to the student's unique needs. The emphasis is on early identification and positive intervention, not punishment or exclusion. BTAM is not zero tolerance, profiling, or adversarial in nature. It is a thoughtful, student-focused practice designed to foster a safe and inclusive school culture.

Parents and guardians are important partners in the BTAM process. School leaders may speak with students during the school day as part of the BTAM process when necessary to evaluate and address potential safety concerns. While parental permission is not required for these conversations, the Academy is committed to involving parents and guardians as early as appropriate in the process, unless immediate notification would compromise student safety or the integrity of the assessment. Families will be informed of concerns, the steps being taken to support the student, and opportunities to participate in developing intervention and support plans. The school is committed to handling all matters with discretion and respect while protecting the privacy of those involved and fulfilling its responsibility to maintain a safe school environment.

12.5.1 Digital Safety

The Academy takes digital safety seriously. We reserve the right to monitor student use of district networks and internet access. Students should report security concerns to staff immediately. All students should use technology responsibly and safely, all users must follow the Acceptable Usage Policy. See section 9.1 for more information.

12.5.2 Digital Threat Prevention

Protecting students extends beyond the school building. When the Academy becomes aware of credible concerns involving threats of violence, suicide, self-harm, exploitation, or other behaviors that may jeopardize school safety, trained personnel may review publicly available online information as part of the Behavioral Threat Assessment and Management (BTAM) process. Reviews are conducted only when there is a legitimate safety concern, follow applicable laws and Board policy and are intended to identify students who may need intervention or support before a crisis occurs. The Academy does not require students to provide passwords to personal social media accounts.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

12.6 Mandatory Reporting of Child Abuse or Neglect

All staff members at the Academy are considered mandated reporters under Michigan's Child Protection Law. This means they are legally required to report any suspected abuse or neglect of a child to the Michigan Department of Health and Human Services. Reports are made to protect the safety and well-being of all students and are kept confidential to the extent allowed by law.

12.7 Playground and Lunchroom Behavior

The Academy expects students to demonstrate respectful, responsible behavior in the lunchroom and on the playground, just as they would in the classroom. Students are to follow adult directions, treat others with kindness, use equipment safely, and help maintain a clean and orderly environment. These spaces are extensions of the learning environment, and behavior in them should reflect the Academy's Code of Conduct, support a positive school culture, and preserve the safety and well-being of all. Students are responsible for their actions and will be held accountable for behavior that disrupts the order necessary for learning or violates the rights or safety of others.

12.8 Interrogations and Searches

12.8.1 Student Searches by School Staff and Privacy

In accordance with Board Policy 5771 and to maintain a safe and orderly learning environment, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. This includes backpacks, bags, lockers, desks, cubbies, electronic devices, vehicles on school property, and other personal belongings.

Students do not have a reasonable expectation of privacy in school-owned property, including lockers, desks, and other school-issued storage areas. These areas may be inspected at any time and are subject to routine checks.

Searches of a student's person or intimate personal belongings will occur only in exceptional circumstances when the health or safety of the student or others is immediately threatened. Such searches will be conducted by a staff member of the same gender, with another adult present whenever practical, unless immediate action is necessary to protect health or safety.

When practical, the student will be informed of the reason for the search and the items the school is seeking. Items prohibited by law or Board policy may be confiscated and

turned over to law enforcement or other appropriate authorities when required. Parents or guardians will be notified as appropriate.

The school may coordinate with law enforcement to conduct canine searches of lockers, vehicles, or common areas when appropriate. These searches do not include the search of an individual student without the legal authority required by law.

All searches will be conducted respectfully, privately, and in accordance with Board Policy 5771. Written documentation of the search and any items confiscated will be maintained by the School Leader.

12.8.2 Interrogations by Law Enforcement or Outside Agencies

The school has legal custody of students during the school day and at school-sponsored events. It is the responsibility of school leadership to protect students' rights during any interaction with law enforcement or outside agencies. When a student must be questioned at school by law enforcement or agency officials:

1. A school administrator or designee will be present during the interview. If no school representative is immediately available, questioning will be delayed until one can be present, unless there is an immediate safety concern.
2. The school will make every effort to notify a parent or guardian. This includes calling all emergency contact numbers, leaving voicemails when possible, and sending emails to all addresses on file. Unless there is an imminent threat, questioning will be delayed up to one hour to allow for parent response.
3. If the student is taken into custody, the school will request that law enforcement officials follow all applicable legal procedures, including informing the student of their rights.
4. As required by law, the school permits child protective services investigators (e.g., from the Department of Health and Human Services) to interview students without parent notification in cases of suspected abuse or neglect.

12.9 Non-Discrimination and Sexual Harassment

The Academy does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender, gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. In addition, students and families who believe they have experienced discrimination based on race, color, or national origin may file a complaint under Title VI of the Civil Rights Act of 1964. Complaints may be submitted through the school's

internal grievance process or directly to the Michigan Department of Education, Office of Civil Rights, or the U.S. Department of Education, Office for Civil Rights.

Sexual harassment will not be tolerated in Academy employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

The Academy is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with the Academy are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,
- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.
- Display of lewd or sexually explicit materials, inappropriate jokes, or language of a sexual nature.

RESPONSIBILITIES:

All persons associated with the Academy are responsible for:

1. Ensuring that his/her behavior does not sexually harass any other person associated with the schools.
2. Reporting any observed or experienced harassment or mistreatment immediately to the Sexual Harassment Grievance Officer and cooperating fully in the investigation of alleged sexual harassment; and
3. Actively participating in the Academy's effort to prevent sexual harassment in the schools.

Retaliation of any form, including threats, intimidation, reprisal or harassment, towards any person who makes a sexual harassment complaint, or who assists in or participates in an investigation, proceeding, or hearing is unlawful and will not be tolerated and can be considered grounds for dismissal of staff and/or removal of a student from school.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false

claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further action in the opinion of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.
2. Upon receipt of a written formal complaint submitted by the complainant, their parent or guardian, or signed by the Title IX Coordinator, the school will initiate the Title IX grievance procedure in accordance with 34 CFR §106.45. The respondent is presumed not responsible for the alleged conduct until a final determination is made following a thorough and impartial investigation. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students, the student's parents and guardians will be notified immediately of the complaint, the steps to be followed, and the ways in which they will be involved in the process.
3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
 - a. The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser

apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.

- b. Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
 - c. The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment. The School Leader/Title IX officer or assigned investigator will recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.
5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents and guardians in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from the Academy.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be securely maintained in the School Leader's office for a minimum of seven years, or longer if required due to ongoing litigation, appeals, or state/federal audit requirements.

The Academy follows a Title IX grievance procedure consistent with 34 CFR §106.45. This includes a clear standard of evidence (preponderance of the evidence), offering supportive measures regardless of whether a formal complaint is filed, and ensuring equitable treatment of complainants and respondents. In accordance with Title IX regulations, K–12 schools are not required to hold live hearings as part of the grievance process. Instead, a trained, impartial decision-maker will objectively review all evidence

gathered during the investigation and make a final determination based on the preponderance of the evidence standard. Both parties will have equal opportunity to submit and review relevant documentation and to appeal the final outcome.

The school does not presume the respondent responsible prior to the conclusion of the investigation.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days; MCAD - 6 months).

2. State of Michigan

12.10 Title VI Non-Discrimination Policy

In accordance with Title VI of the Civil Rights Act of 1964, the Academy does not discriminate on the basis of race, color, or national origin in the administration of its educational programs or activities, including those that receive federal financial assistance.

Any student or parent/guardian who believes they have been subject to discrimination under Title VI may contact the School Leader or designated Title VI Coordinator to file a concern or complaint. The Academy will respond promptly and equitably to all reports.

12.11 Tobacco/Smoke-Free School Zone Policy

In accordance with Michigan law and the Michigan Clean Indoor Air Act, the use or possession of tobacco products, including smokeless tobacco, electronic cigarettes (e-cigarettes, vapes), and any nicotine-delivery device, is strictly prohibited at all times in school buildings, on school grounds, in school vehicles, and at school-sponsored events, regardless of location.

This policy applies to all individuals: students, staff, volunteers, and visitors. Violations by students will result in disciplinary consequences as outlined in the Code of Conduct. Violations by staff or visitors may result in removal from the premises and referral to appropriate authorities.

12.12 Drug and Alcohol Use Policy

The use, possession, distribution, sale, manufacture, or being under the influence of illegal drugs, controlled substances, look-alike substances, drug paraphernalia, or alcoholic beverages is strictly prohibited on school property, during school hours, and at any school-sponsored event or activity, whether on or off campus.

Violation of this policy will result in disciplinary action, which may include suspension or expulsion, as well as notification to law enforcement and parents or guardians. The school retains the right to require medical evaluation or drug testing when there is reasonable suspicion of substance use.

Code of Student Conduct Positive Discipline Support Plan

“A Partnership in Responsibility”

Revised August 2026

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

The Code of Conduct provides behavior guidelines for development of good social skills, students as responsible citizens, and accelerated learning school culture. All stakeholders—students, parents, administration, faculty, and support staff—enter a partnership in responsibility to build positive character in our students that prepares them for college, work, military, parenthood, and community service.

Each individual has rights and responsibilities. The Code of Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Conduct with your child and encourage acceptable behavior at school.

STUDENT RIGHTS

EDUCATION

The rights of all students are ensured by the Constitutions of the United States and the State of Michigan and by all applicable federal, state, and local statutes. These rights, including the right to an education, shall be recognized without regard to race, religion, sex, creed, ability to pay, national origin, disabling condition, or intellectual ability. Students have a right to a public education beginning with pre-kindergarten and extending through the twelfth grade.

Students, in all their diversity, are to be educated in a safe and supportive environment that fosters academic success and healthy development and that prioritizes keeping students in school.

SECTION A: A PARTNERSHIP IN RESPONSIBILITY

The Academy is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and the school leader know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, the school leader, and the Board of Directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

- Environment, which includes the climate of the school;
- Education, which includes preparation and work habits;
- Respect, which includes treatment of others;
- Participation, which includes involvement in school activities; and

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

- Expression, which includes dress and verbal and nonverbal issues.

These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Conduct:

1. That all students are capable of learning at high levels.
2. That schools must be safe and secure for students and staff.
3. That students have rights and responsibilities in the learning environment.
4. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the school leader, faculty, and staff within progressive and positive discipline practices.
5. That students and their parents should be knowledgeable of school and classroom rules.
6. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.
7. That the responsibility for discipline is shared among students, school personnel, the Board of Directors, and parents.
8. That the school respects differences in discipline practices at home as long as they are within parameters of the law.
9. That students, who violate school and classroom rules, must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
10. That students, when they violate school and classroom rules, should be assigned corrective measures with the purpose of teaching good social behaviors.
11. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
12. That disciplinary measures should be firm, consistent, and fair.
13. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
14. That the assigning of disciplinary measures should be reasonable.
15. That students, who commit criminal acts, should be administered measures that are severe and swift when the safety of the general school population is at issue.

School Jurisdiction

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds during, before, and after school hours.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

3. On the school grounds, as either a spectator or a participant at any other time when a school group is using the school.
4. Off the school grounds at any school-related activity, function, or event as a participant or a spectator.

Student Expression

The school leader will maintain open channels of communication through which students may express their individual or group concerns and suggestions that will be formally and informally deliberated.

We sincerely believe that continued recognition of students' rights and responsibilities will develop within our youth a student philosophy that will nurture their internal strengths, will deter the influence and spread of degrading attitudes, and will perpetuate the American ideal of a responsible, democratic system of government.

SECTION C: GUIDELINES FOR STUDENT BEHAVIOR

School leadership, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

- It is the parent/guardian's responsibility to get their child to school.
- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students is chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Do not let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.

- Talk to your teacher or Principal if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office

manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Absences

Time away from school, just like time away from work for adults, is a precious and limited resource that must be actively and judiciously managed. Regular attendance is important both to preserve valuable instructional time, and to teach an essential life skill. All lost instructional time affects learning, which declines rapidly when ten percent lost learning time is approached. Total lost learning time (TLLT) includes full and part-day absences, late arrivals and early dismissals. Routine illness and appointments will be counted towards students' attendance. It is important to notify the attendance clerk of any absence to confirm the time away from school.

Bradford expects an attendance rate of 90% or higher. This adds up to not more than 4 absences per quarter.

If a student accumulates 3 counted absences within the first 30 school days, or their attendance rate falls below 90% at any given point in the school year, our attendance team will send a first notice via email on file. This email will include resources for attendance improvement. Additional resources and support can be provided after determining the specific needs of families. Failure to comply and work to improve student attendance will result in a referral to the Berrien RESA Truancy department. After the first referral is made, families are responsible to contact the attendance team and set up a time to create an attendance improvement plan together.

When a student is absent from school for ten consecutive days without knowledge of the Principal, the student will be withdrawn from the Academy and the student's directory information will be reported to the truancy office of the intermediate school district and other state and local agencies. During the period of consecutive absences, the Principal and other support staff will attempt to contact the student's parent/guardian.

Absences not counted for attendance intervention: The following five categories should not be included in "days possible" when reporting:

- Snow days and other non-scheduled school closings.
- Medical absences. **Not intended for routine illness**, even if under a provider's care, but rather for very serious medical events, such as hospitalizations, these

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

are absences ordered and documented, with hand signature, by a licensed health care doctor, with specific dates school must be missed for medical necessity. (This also includes significant life trauma, such as an immediate family member death, as confirmed and approved by appropriate school staff.) Blanket or “under the care of” excuses are not accepted as

- “medically absent” unless the student has an IEP or 504 plan specifically addressing the medical issue and approval of appropriate school staff.

Routine illnesses are, just like for adults at work, counted absences.

These are subject to review and approval by school professionals.

- Communicable diseases: follow the guidelines given by the Berrien County Health Department.
- Court dates: required court appearances for the student with court documentation, and related detention.
- Suspensions and expulsions.
- Preplanned absences that would not negatively affect the student’s learning and educational performance as determined by the student’s teacher(s) and building administrator in consultation, **may be uncounted at the school’s discretion**. *This would include assigned and required learning activities completed before and/or during the absence.* It often may also include a report and/or presentation to the class, with a grading rubric established at the planning stage.

Student Arrival and Dismissal

Doors open at 7:45 a.m for all students. Parents may circle through the parking lot and drop-off their children at the drop-off door of the school; children should proceed to their specific locations for Community Meeting. If you need to enter the building, you may park in the designated parking area and enter through the main entrance. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the School Leader immediately after school or report to after school childcare (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after 8:15 a.m. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival and provide written or oral reason from the student’s parent. The School Leader, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives six unexcused tardies, an attendance intervention plan will be developed with the student, parent, and School Leader. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

- 1) Serious illness (accompanied by a parent's note or written doctor's notice)
- 2) Death in the family
- 3) Legally required presence at a court proceeding
- 4) School sponsored co-curricular and extra-curricular activities
- 5) Religious observations
- 6) Severe weather, fires, family tragedies
- 7) Pre-arranged late arrival approved by the School Leader

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the school leader or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students;

The material must be approved by the school leader, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Prohibition of Harassment, Intimidation, Bullying, and Hazing

The Academy is committed to providing a safe, respectful, and orderly learning environment and will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind.

Bullying and cyberbullying are prohibited on school property, in school-related vehicles, at school-sponsored activities or events, and through the use of electronic communication or telecommunications devices owned or controlled by the Academy. Bullying or cyberbullying that occurs off school grounds but causes a substantial disruption to the educational environment may also result in disciplinary action.

Bullying includes any written, verbal, physical, or electronic communication, including cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students, either directly or indirectly. Any reference to bullying includes cyberbullying.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity, regardless of the student's willingness to participate. Hazing is prohibited under Michigan law (MCL 750.411t) and may result in school disciplinary action and referral to law enforcement.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

The Academy implements Board Policy 5517.01, which establishes reporting and investigation procedures and provides for education and appropriate disciplinary action to prevent future incidents. Students and families are encouraged to review the policy, discuss it together, and promptly report any observed or suspected incidents to a teacher, administrator, or other trusted school employee. Academy employees are required to report suspected incidents in accordance with Board policy.

Violations of this policy may result in disciplinary action, up to and including suspension or expulsion. Conduct that violates state or federal law may also be referred to the appropriate authorities.

Anti-Bullying Policy

The board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

- A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
- B. Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
- C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
- D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access devices or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the school leader. Complaints against the school leader shall be reported to the Superintendent or ESP Representative. Complaints against the Superintendent shall be reported to the board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not

apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The school leader is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team").
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The school leader is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The school leader, or the school leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department. As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

Student Hazing

The board believes hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Academy sponsored event. For purposes of this policy, hazing shall be defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes, or creates a risk of causing, mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing does not lessen the prohibitions contained in this policy. Hazing involves conduct such as, but not limited to the following:

- A. Illegal activity, such as drinking or drugs.
- B. Physical punishment or infliction of pain.
- C. Intentional humiliation or embarrassment.
- D. Dangerous activity.
- E. Activity likely to cause mental or psychological stress.
- F. Forced detention or kidnapping.
- G. Undressing or otherwise exposing the person being hazed.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Administrators, staff members, and other personnel of the Academy shall be alert particularly to possible situations, circumstances, or events that might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer regarding the prohibitions contained in this policy and shall be ordered to end all hazing activities immediately. All hazing incidents shall be reported immediately to the school leader. Students, administrators, staff members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

prohibited substances published annually by the Michigan Department of Health and Human Services (MDHHS) is included in the Athletics and Extracurricular Code of Conduct and is incorporated into this handbook by reference.

- Communicate concerns respectfully with the program sponsor or coach.

- Violates the Student Code of Conduct.
- Fails to meet academic or behavioral expectations.
- Repeatedly misses required practices, meetings, or events without approval.
- Engages in conduct that negatively reflects on the school or the extracurricular program.

The school administration reserves the right to determine appropriate consequences based on the nature and severity of the violation.

Acknowledgement

Participation in school-sponsored extracurricular activities indicates that students and parents have read, understand, and agree to follow this Code of Conduct.

SECTION D: DISCIPLINARY ACTION

Out of school suspensions, and/or expulsions are levels of consequences that are administered to students who demonstrate disobedient, disruptive, violent, disrespectful, or otherwise harmful behavior at school. Any student who has been suspended during the course of the school year may be ineligible to attend overnight field trips as a result. A student whose presence creates, or is likely to create, a specific threat or risk to the safety or well-being of the school community or any of its members will be suspended or expelled from school. If a student's behaviors result in a discipline recommendation over

[RETURN TO TABLE OF CONTENTS](#)

10 days suspension or expulsion, the school will consider the mitigating factors involved and consider using Restorative Practices as an alternative, or in addition to, suspension or expulsion.

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of the rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action outside the individual must be imposed to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The school leader will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if long term suspension or expulsion is considered, the Academy shall consider the following factors:

- A. The student's age.
- B. The student's disciplinary history.
- C. Whether the student has a disability.
- D. The seriousness of the violation or behavior.
- E. Whether the violation or behavior committed by the student threatened the safety of any student or staff member.
- F. Whether restorative practices will be used to address the violation or behavior.
- G. Whether a lesser intervention would properly address the violation or behavior.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Restorative Practices

The Academy will consider using restorative practices in addition to or as an alternative to suspension or expulsion of a student. The restorative practices will emphasize practices repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- A. Are initiated by the victim.
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team").
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Exclusion by Michigan Law

For students in grades 6 and above, Michigan law requires the Board of Directors to remove a student who possesses a dangerous weapon, unless the student meets an exception in the law, commits arson, criminal sexual conduct, physical assault against a school employee or volunteer, physical assault against another student, bomb threat or similar threat.

The law provides a process for parents/guardians to petition the board for reinstatement of the student. The school leader will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Criminal Sexual Conduct

Under state law, the Academy may suspend or expel a student who is charged with Criminal Sexual Conduct (CSC) against another school student regardless of location. The Academy will permanently expel a student who pleads to, is convicted of, or is adjudicated for CSC against another school student.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention support strategies much like our academic Accelerated Learning Plans. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student's parent/guardian is encouraged to contact the school leader immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction. Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive and a student who commits an act of misconduct not listed is still subject to disciplinary action.

1. Absenteeism
2. Appropriate Dress and Grooming
3. Appropriate Use of Electronic Communication Devices

Discipline Procedures

At all times when students are under school jurisdiction, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or school leader. School leaders and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate. Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents

After consultation with the student and the teacher (if needed), the school leader will determine the course of action required to provide a safe, secure school. Action taken by a school leader toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents

The school leader, with approval of his/her supervisor, may request an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation with attention to applicable special education rights afforded children with disabilities.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Incappable Behavior

A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the school leader's and or teacher's authority is being challenged. Incorrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from the Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the school leader, faculty, and staff to demonstrate responsible behavior in situations involving their child. The school leader and faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

1. Parents send and do not support their children at school.
 - a. Parent's low expectations: academics and behavior.
 - b. Parent's reluctant to take responsibility for their own actions.
 - c. Parent's bad-mouthing school and staff.

Definitions

Out-of-school suspensions are considered in the following classifications:

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including ten school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. **The school leader can suspend a student for up to five days and for up to ten days with approval of the school leader's supervisor.**

The school leader or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The parent shall be notified in writing of the action taken.

- **Long-Term:** A student can be suspended for more than ten days following approval of the school leader's recommendation by the Board of Directors. Long Term Suspension from school excludes the student from regular school attendance and participation in Academy activities until readmitted by the board.
- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the school leader or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in Academy activities until readmitted by the board.
- **Notification:** A letter from the school leader or his/her designee will be sent to the student's parent(s) when the student is assigned detention or out-of-school suspension or is recommended for long-term suspension or expulsion.

The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:

1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated.

Students with Disabilities

Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the school leader are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. The school leader is responsible for consistency with specific special education procedures.

School leader may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The school leader will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the school leader has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - a. if the student is eligible for special education services;
 - b. if the student is appropriately placed in a special education program; and
 - c. if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.

Appeal Procedures

In-school Disciplinary Actions

Should a parent disagree with disciplinary action of the school **other than out-of-school suspensions or expulsions**, the parent may appeal the decision as follows:

1. Appeals should be made to the school leader by arranging an appointment or by writing to the school leader.
2. If the parent is dissatisfied with the result of the appeal to the school leader, the parent may appeal to the school leader's supervisor. Appeals must be filed, in writing, within three school days of receipt by the parent of the school leader's notice of disciplinary action. The school leader's Supervisor's decision is final.

Out-of-School Short Term Suspensions (ten days or fewer)

Should the parent disagree with a suspension of ten days or fewer, the parent may appeal the decision of the school leader as follows:

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

[RETURN TO TABLE OF CONTENTS](#)

1. Appeal requests must be made in writing by the parent to the school leader. Such written requests must be filed with the school leader within three school days of the notice of suspension or the right to review and appeal is waived.
2. If the parent is dissatisfied with the school leader's decision, he or she may appeal the decision to the school leader's supervisor. Such written requests must be filed with the school leader within three school days or the right to review and appeal is waived. The school leader's Supervisor's decision is final.

In cases of immediate appeal, if the school leader determines that the student's presence at school does not create a continuing danger to persons or property or an ongoing threat of disruption, the student may be allowed to continue in school on a regular basis until the appeal is considered. A favorable decision will allow the student to continue in school, whereas a decision supporting the school leader will require the student to serve the full suspension beginning the next school day after receiving notice of the decision. In situations where the student is excluded during the appeal process and the appeal is ultimately favorable to the student, opportunity will be provided for the completion of make-up assignments.

Long-Term Suspensions (more than ten days) and Expulsions

Long-term suspension of more than ten days and expulsion occur when the Board of Directors terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for a specific period of time, while expulsion is for an indefinite period of time. Reinstatement processes are outlined in board policy.

Following the school leader's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

Following a hearing, should the parent disagree with the board's decision to suspend a student for more than ten school days, the parent may appeal the decision to the Board of Directors as follows:

- Appeal requests must be made in writing by the parents to the school leader within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the decision shall be in writing and contain the reason the decision should be reviewed or reconsidered.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

The parent/guardian of the student may petition the Board of Directors to request the student's reinstatement to schools, as permitted by law. Within ten school days, the board must appoint a committee to review the petition and any supporting information provided by the petitioner. The committee has ten days to review the petition, including documents provided by the petitioner and school leader, and submit a recommendation to the Board of Directors.

All appeals to the board Appointed Discipline Committee shall be considered by the Board of Directors at its next regularly scheduled meeting. The board must decide to reinstate the student, to reinstate the student conditionally, or to deny reinstatement.
